

Hippocrates Circle

Mentoring Kids Today
for Physician Careers Tomorrow

Welcome to the Hippocrates Circle!

As a middle school student preparing for high school, the decisions you make now will begin to shape your future. You can take your interest in science, and your desire to help improve the lives and health of other people, and turn them toward an amazing and fulfilling career as a physician.

We at Kaiser Permanente know that reaching this goal will take hard work, dedication, and sacrifice. We want to help.

The Hippocrates Circle puts you in touch with physicians and medical students who can share ideas on how you can attain your goals. You'll learn what doctors do in everyday practice, tour a hospital, visit a medical school, and learn a lot about how to succeed and achieve your dreams. You'll learn ways to pay for a medical education.
